AMENDMENT AFTER ALLOWANCE UNDER CFR 1.312

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

In response to the Notice of Allowability mailed June 21, 2007, Applicants submit herewith the issue fee transmittal form (PTOL-85) with the requisite issue fee payment and an amendment after allowance. A timely response is due on September 21, 2007. The amendment after allowance is submitted to correct several inadvertent errors found in the amendment filed by the Applicants on April 16, 2007. The amendment filed on April 16, 2007 was filed to reflect the claim amendments (and to show the amendment markings) found in the Examiner's amendment issued with the Notice of Allowability on January 16, 2007. Upon recent review, Applicants realized that while the amendment filed on April 16, 2007 correctly reflects the substance of the Examiner's claim amendments, it contains minor errors in the claim amendment markings (i.e. the underlines and strikethroughs). Thus, the present amendment after allowance is a correction of the April 16, 2007 amendment submitted merely to correct minor errors in the amendment markings. The amendment after allowance in no way changes the substance of the Examiner's amendment or alters the scope of the allowed claims.

Applicants believe that no further fees are due beyond the fees attached herewith; however if further fees are due, the Office is hereby authorized to charge deposit account number 13-2490.

Amendments to the Claims are reflected in the listing of the pending claims which begins on page 2 of this paper.

Remarks are on page 10 of this paper.
